

BW20V

Backfat measurement Instrument

www.szbondway.com
www.bondwaymedical.com

- Hook bolt rope design. Lanyard around your wrist to avoid possible drop-off carelessly when you use it
- Cigarette-box-sized compact design for easy pocket-carrying purpose
- LED display used makes it easy to read even under strong sunshine outdoor
- Built-in battery to drive the host for 10-hour work outdoor. Auto switch off if not working for 2 minutes for energy saving purpose
- Easy operation. One-key to measure 3-level backfat thickness, ranging from 3-45 mm, and its deviation is ± 1 mm. Up to 99 measurement datas can be saved by serial number, and it won't be lost when it is switched off.

- One-hand operating host. Holding the device, press the TEST button with thumb to achieve test results directly and efficiently

- Fully-enclosed design of the probe is to prevent it from water spray or splash

- USB port design for host charging
- Compact and flexible overall design. Integrated design of host and probe
- Accompanied by the army-green shell, and the membrane keyboard design, the overall appearance looks more fashionable and durable.
